## RIFT & QUARTERED WHITE OAK STAIR PARTS DESCRIPTION

Select Grade Rift and Quartered White Oak Stair Parts.

Oak is a very strong stable lumber with a very consistent grain pattern. Rift Oak has a unique linear grain pattern and is the most stable cut of oak available. Quartered Oak has an amazingly straight grain pattern with dramatic flecking which amplifies the design.

## STANDARD SIZES

- Nosing: 1 1/16" (Thickness) x 3 1/2" (Depth)
- Riser: 3/4" (Thickness) x 7 1/4" (Height)
- Tread: 1 1/16" (Thickness) x 11 1/4" (Depth)
