PATINA FACE LONG LEAF PINE BEAMS DESCRIPTION

Patina face Reclaimed Long Leaf Pine beams.

Long Leaf Pine beams are harvested from old buildings and barns. These beams are very stable due to the many years of acclimating to the environment. The raw material was first cut around 1880-1900 and used to hold up industrial American factories.

Sizes can be limited due to not cutting the patina face. Please confirm prior to ordering.

Typical sizes— 3x11, 6x9, 7x11, 9x11, 9x13, 9x15, 11x15, 11x17.
